**EXPERT TRAINERS** – Our fully accredited trainers have decades of project management experience across public and private sectors, so material is relevant and best practice.

#### REAL WORLD APPLICATION -

We combine individual, group learning and 'real-life scenarios' to develop practical skills that can be applied in real-world scenarios.

#### MIXED APPROACH LEARNING -

Courses combine theory and practical to provide context and embed learning.

### **COURSE CONTENT & OUTCOMES**

Based on the Effective Change Manager's Handbook - aligned to the Institute's Change Management Body of Knowledge (CMBoK) this course comprehensively covers the practices to be used in organizational change.

A very wide range of practices and techniques are covered in the areas of:

- Change and the individual which covers how people learn, the stages in the learning cycle and what happens as they go through change
- Change and the organization which covers organizational structures, culture and how they respond to change.
- Approaches to achieving organizational change, roles in the change process and how change should be structured
- Approaches to stakeholder engagement
- Establishing change management practices
