

M_o_R®

PRACTITIONER COURSE

The Management of Risk

An effective framework for risk management will help organisations make informed decisions about the risks that affect their strategic, programme, project and operational objectives.

The modern organization is faced with increasing volatility, uncertainty, complexity, and ambiguity. **M_o_R®** (Management of Risk) helps you and your organization identify, assess, and control risk at the strategic, programme, project, and operational levels.

The **M_o_R®** gives broad spectrum, best practice guidance, on identifying risk and managing risk impact. The areas covered includes principles of risk management, differing perspectives on risk, risk interaction with people and culture and processes.

KEY BENEFITS:

- Better management of unplanned threats and opportunities.
- Used as a 'how to' guide for risk management
- Improve service delivery.
- Reduce waste and increase value for money.
- Stronger contingency management.

M_o_R®
Practitioner

3-day course
\$2,795 +GST
