Qualification

*2 day course*

\$2,195 +GST

The P3GP® (Project, Programme & Portfolio Governance Professional) qualification provides an understanding of the P3GQA methodology. The course covers how to review, design, implement and maintain a P3G framework for a project or programme.

*P3GP Certified candidates understand the principles of P3G and how they should be applied in practice.*

**P3GP®** is the only recognised global qualification for project, programme and portfolio governance.

### COURSE CONTENT & OUTCOMES

This course covers the theory and key principles of the P3G methodology including real-world application for developing and maintaining a governance framework. In this 2-day course, participants will learn:

- the different approach to managing change versus business as usual governance structures in an organisation,
- the importance and application of accountability within P3G
- the purpose and major responsibilities of key governance roles
- how to effectively separate project decision making and stakeholder management
- the importance of a business case from a P3G perspective
- how to ensure the decision rights of stakeholders and decision makers are consistent and logical
- the main components of an investment gating process and how this operates, and
- the way in which a governance framework can be scaled to meet the needs of projects and programmes with varying risk profiles.

**EXPERT TRAINERS** – Our fully accredited trainers have decades of project management experience across public and private sectors, so material is relevant and best practice.

**REAL WORLD APPLICATION** – We combine individual, group learning and 'real-life scenarios' to develop practical skills that can be applied in real-world scenarios.
