

PRINCE2 Agile®

FOUNDATION & PRACTITIONER COURSES

The world's most complete project management solution, combining the flexibility and responsiveness of agile with the clearly defined framework of PRINCE2®.

Agile is an umbrella term for a collection of frameworks and techniques. A key organisational concern is how to be agile and also incorporate a structured approach to organizational governance. **PRINCE2 Agile®** covers not only Agile approaches but how they can also be structured within organisations.

Rather than being 100% prescriptive **PRINCE2 Agile®** blends the flexibility and responsiveness of agile with the defined governance of **PRINCE2®**. At the same time it allows you to tailor the approach to meet the needs of the team and organisation

PRINCE2 Agile® Foundation

3-day course
\$2,295 +GST

Learn the most common agile methods with the governance of PRINCE2, to benefit from guidance on delivering, managing or working within agile projects and project teams.
